EDUCATION

HSC FROM MBHSS AMMAPET,

School GPA: 65%

SVM COLLEGE OF ARTS AND SCIENCE

Bachelor of Computer Application; GPA: 70.18%

Salem, India

March-2021

Salem, India

June 2021 - April 2024

SKILLS SUMMARY

- **Languages:** HTML, CSS, JAVA SCRIPT
- **Tools:** Vs Code, Excel, PowerPoint, Photoshop
- **Platforms:** Visual Studio Code
- **Soft Skills:** Adaptability, People Management, Good communication

OBJECTIVE STATEMENT

Detail-oriented front-end developer with practical experience in HTML5, CSS3, JavaScript (ES6), DOM manipulation, and responsive design.

Seeking to contribute my technical skills and hands-on project experience—including real-time calculator and weather app builds—in a collaborative development team.

PROJECTS

Calculator Website | <https://prasanthofficial002.github.io/calculator/>

30 July 2025

- Developed a responsive and interactive calculator web application using HTML, CSS, and vanilla JavaScript.
- Implemented core arithmetic functionalities: addition, subtraction, multiplication, and division.
- Designed a clean, user-friendly UI with CSS for enhanced usability across devices.
- Ensured cross-browser compatibility and mobile responsiveness with media queries and layout best practices.

Build Weather App | <https://prasanthofficial002.github.io/Weather-Website/>

30 July 2025

- Built a real-time weather application using JavaScript and integrated third-party APIs (e.g., OpenWeatherMap) for live weather data.
- Parsed and displayed dynamic weather data including temperature, humidity, wind speed, and weather conditions.
- Designed a responsive and mobile-friendly UI using HTML and CSS, with custom styling for different weather conditions.
- Leveraged DOM manipulation to dynamically update weather data based on user input.

E-Commerce Website | <https://prasanthofficial002.github.io/Male-Fashion/>

30 July 2025

- Developed a fully functional front-end e-commerce website using HTML, CSS, and vanilla JavaScript.
- Designed responsive web pages for product listings, cart, and checkout using modern CSS (Flexbox/Grid).
- Implemented shopping cart functionality including add-to-cart, quantity update, and item removal features.
- Built interactive UI elements such as product filters, image sliders, and hover effects using JavaScript.

CERTIFICATES

HTML & CSS Bootcamp -- (Let's Upgrade EdTech Pvt. Ltd.,) | <file:///C:/Users/MYPC1/Downloads/Prasanth%20html&css.pdf> July2025

- Completed intensive 3-day workshop in collaboration with NSDC and GDG Mad.
- Gained practical skills in semantic HTML5, responsive CSS3 (Flexbox & Grid), and cross-browser layout techniques
- Built real-time calculator and responsive web components as hands-on projects.

JavaScript Bootcamp -- (Let's Upgrade EdTech Pvt. Ltd) | [file:///C:/Users/MYPC1/Downloads/Prasanth%20\(js\).pdf](file:///C:/Users/MYPC1/Downloads/Prasanth%20(js).pdf)

July 2025

- Gained hands-on experience in JavaScript fundamentals, DOM manipulation, ES6+ features, and responsive UI construction.
- Completed working project: a real-time calculator interface using semantic HTML, CSS Grid/Flexbox, and JS event handling.

Build Weather App using APIs and JavaScript — (Let's Upgrade EdTech Pvt. Ltd.)(Google) | <file:///C:/Users/MYPC1/Downloads/Weather%20app%20build%20Prasanth%20.pdf>

July2025

- Built a responsive weather-forecast web app using modern JavaScript and Web APIs.
- Implemented API integration for live weather data retrieval and error handling.
- Employed semantic HTML5 and responsive CSS (Flexbox/Grid), ensuring mobile compatibility .
